STUDIO SHED®

How it Works!

Designing your own studio or ADU doesn't have to be a difficult process. In fact, with Studio Shed getting the backyard studio of your dreams is simple. We have everything you need, from start to finish, to design, ship, and build your studio in 5 easy steps!

1 DESIGN

It all starts with you! Start crafting your design in our 3D Design Center and see real-time costs for your design, shipping, and installation.

2 SITE PLAN/PERMITTING

Check with your municipality to determine whether you need a permit or not, find out your property setbacks, height limits, and allowed new lot coverage.

3 ORDER

Once your design is complete, it's time to place your order! We accept all major credit cards and ACH/e-checks. Financing options are available through our partner, Acorn Finance.

4 SHIP

All Studio Sheds arrive as a flat-packed, panelized kit. Our pre-finished panels are fabricated in our Colorado factory, then crated and shipped to your front door!

5 INSTALL

Are you going to hire a contractor or DIY (Do-It-Yourself)? Our prefabricated structures are easy to install and include installation guides, videos, and phone support.

ENJOY!

You've done it! Time to kick back, relax, and enjoy the comfort of your backyard studio.

Learn more about Studio Shed, our philosophy, and how easy it is to choose, configure, and build your own backyard studio in the short video clip below!

Studio Shed in the News: Boston Globe

Homeowners Embark on COVID-Fueled Projects that will Outlast the Pandemic

"We knew we could either move and buy a bigger house or expand what we already had," Ford explained. "We have our dining room and the entry to our house back! I have a nice commute to the backyard and a much better setup for my home office than what I had before."

Home renovation projects reached new heights during the pandemic and provided homeowners with a great way to pass the time. Check out how others took advantage of their time at home and realized their renovation dreams in our latest feature with the Boston Globe!
